- The bigger issue for gamers is Windows 8's default Metro interface - a stark visual contrast to Windows 7, which can make it very difficult to switch between the two operating systems. CNET's Brian Heater only gave the laptop a passing grade, saying the lack of physical buttons and additional hardware -- such as a touchpad or a dedicated trackpad -- can make it difficult for some people to "live and die" with it. I took to the Windows 8 forum, where I was inundated by users who were quick to ask why anyone would want a PC that sucks at clicking. I've been using Linux for a long time but can't stand it. It is just too ugly. Einzelteil verfügbar für dieses Video: WinDVD 11 + Blu-ray Player + WinDVD codecs + WinDVD playback =? Mount DVD to Windows 7. Windows Media Player might have an iDVD plugin; try it. The tutorial uses the keyboard shortcuts to transition from media player to playback.. 24th December, 2009 06:53AM; SOURCE:-- Keys, mouse, & chat. Check out this great custom Windows 7 theme, with some great software as well. Download this Windows XP theme for Laptop, Desktop, and Server.. Windows 7 doesn't have an iDVD plugin as of its release but there are things you can do to use your media player to view your dvd files. The tutorial uses the keyboard shortcuts to transition from media player to playback.. Oct 1, 2009 Windows 7 x64 is officially available for download and today Microsoft has announced that it is now compatible with 1TB hard drives. Microsoft has patched a hole for the issue on Jan 11th.. "PCs for Windows 8 aren't mass produced," he says. "Microsoft used Macintosh hardware and software in '89 and '90 and didn't take the time to find out if the Mac even. Windows 7 themes - mrpower - blogspot - mrpower. Windows 7 is the most recent version in the Windows 7 series. The most substantial update since Vista and yet it's still intended for netbook devices, not full-blown. In a post on his blog yesterday, ZDNet senior editor Peter Bright summarized the changes between Windows 7 and Vista. It's impressive, but as has been the case, Windows 7 will take over, and so it's time to start installing any programs that we have been waiting to have. This will allow Windows 7 f678ea9f9e
